TRADES PARADE.

Chase City Has a Gala Day and Much Entertainment. (Special to The Times-Dispatch.) CHASE CITY, VA., July 4.—The Fourth of July celebration here was a grand success. Over twenty-five hundred people from all the surrounding counties attended. The trades parade was the main feature. The parade was preceded by a band of music, military company, hundreds of mounted men, carriages with ladies, innumerable banners waving, and the exhibits of all kinds of manufactured articles. The displays of merchants were in unique and attractive form. Mayor T. D. Jeffers presided at the speaking, and made the address of welcome. He also greatly entertained the audience by reading a Fourth of July oration made by Colonel William Munford, of Mecklenburg county, in 1783, from a book published in 1788. The speech of Henry D. Adams, of Charlottesville, orator of the day, was commended to have been the best ever heard in this section on such an occasion. The concluding entertainments of baseball and the shanty barge were interrupted by an electrical storm. But it was a gala day, and one long to be remembered.

NAVAL SALUTES.

Two Serious Accidents Occur in Norfolk.

(Special to The Times-Dispatch.) NORFOLK, VA., July 4.—The national holiday was generally observed here today. The city was practically abandoned for the beaches, and yacht races at the seaside resorts. All of the shipping in harbor was decorated with flags and bunting, and the national salutes were fired from the warships and at the navy yard. The weather was perfect, with a warm breeze blowing all day. Two accidents were reported. James McCormick, ten years old, was sent to St. Vincent's Hospital for a broken leg. He fell from a Pine Beach trolley car, as it turned a short curve at the Monthly Hotel, and the wheels broke both bones of his right leg and crushed the fingers of one hand. He is in a precarious condition. Peter Skeeter, of Portsmouth, was firing a toy cannon, when a spark ignited the box of powder he was using, and the explosion which burst his eyes, so that he may lose the sight of one, if not both, of them.

WEST POINT EN FETE.

A Big Crowd Does a Little of Everything—Some Get Married.

(Special to The Times-Dispatch.) WEST POINT, VA., July 4.—An immense crowd from the surrounding counties took possession of West Point at an early hour today. About 10 o'clock the steamer Elm City brought three hundred men. Later, the packed beaches from Richmond emptied living freight. Dancing, crabbing, boating, bathing, fishing and driving were engaged in by some, other shot the white-pool, rode the merry-go-round, visited the vaudeville, viewed the moving pictures, patronized the peddlers as to the future, and a few got married. Miss Benjamin S. Hecker and Miss Christine Dowdy, armed with necessary license, were married in the parsonage parlor by Rev. John A. Sullivan, of the Baptist Church. The Aqueduct base-ball team played a game with a Richmond team, the score being 15 to 3 in favor of Richmond. Good sports prevailed throughout the day. Fine breezes made the day comfortable for man and beast.

AT WAYNESBORO.

A Clay Pigeon Shooting Match With Forty Shooters.

(Special to The Times-Dispatch.) WAYNESBORO, VA., July 4.—The Fourth of July shoot was the event that attracted many fine sports and a large crowd here. Washington, Philadelphia, Richmond, Charlottesville, Staunton, Clifton Forge and other places were well represented. Newcomb, of Philadelphia, won high amateur average. Hall, of the local team, won the sports and prize of Clifton Forge, third. J. Mowell Hawkins was winner of the highest average, breaking 149 out of 160. G. L. Bruffy, of Charlottesville, was winner of the \$50 prize, breaking 23 out of 25 from 150 yards line. The programme was wound up by a German given at the Brunswick Inn.

GRAYS' REUNION.

Lieutenant-Governor Willard Unable to Reach Cumberland.

(Special to The Times-Dispatch.) CUMBERLAND, MARYLAND, July 4.—The Cumberland Grays held their annual reunion here today, with an immense crowd in attendance. Lieutenant-Governor Willard was expected to get here from the place of his previous appointment, as was expected. The Governor was seen by the Grays, and the ladies of the Methodist Church kept the crowd cool by selling ice cream.

Bristol's Great Parade.

(Special to The Times-Dispatch.) BRISTOL, TENN., July 4.—Bristol's business streets were elaborately decorated with the national colors today, and Independence Day was celebrated with a grand pageant. The parade, which was in length. Beside the industrial float, there were vehicles in dainty floral attire. The principal float carried thirteen young ladies in white, who represented the thirteen original States. Mrs. Fulkerson, wife of Colonel Sam. V. Fulkerson, of the Staff of Virginia's Governor, represented Columbia. The afternoon was devoted to athletic sports.

In Roanoke.

(Special to The Times-Dispatch.) ROANOKE, VA., July 4.—The day passed off very quietly in this city. Rain fell during the afternoon and to-night, which interfered with many of the various sports that had been arranged. Base-ball games, golf and gun clubs contests, and fireworks. The day was observed as a general holiday. The only accident of the day was caused by a motorman on a car.

EVERYBODY TESTIFIES Nothing But Praises For ELIXIR BABEK

The Great Preventative Against Typhoid Fever and Positive Cure for Cholera, Fever, Ague, Loss of Appetite, Biliousness, Dyspeptic Disorders, Headaches, Pains in the Back, Side or Limbs, is highly endorsed by physicians, nurses and thousands of users. Malaria makes you weak. Babek makes you strong. Insist on Babek. Beware of substitutes. For sale at all druggists. 50c. per bottle.

HOW TO FIND OUT.

Fill a bottle or common glass with your urine, and let it stand twenty-four hours, a sediment or settling indicates an unhealthy condition of the kidneys; if it stains the linen, it is evidence of kidney trouble; too frequent desire to pass it, or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do. There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or had effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine, you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle of Swamp-Root, the great kidney remedy, and a book that tells all about it, both sent absolutely free by mail. Address, Dr. Kilmer and Co., Binghamton, N. Y. When writing be sure to mention that you read this generous offer in the Richmond Daily Times-Dispatch. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

At Marion. (Special to The Times-Dispatch.) MARION, VA., July 4.—The glorious Fourth was more generally observed here today than for many years. It was an off-day for the city, with business men, and enterprises of all kinds shut down. Ball games, excursions and shade parties were indulged in by almost the entire population, and the streets of Marion were exceedingly quiet.

At Martinsville. (Special to The Times-Dispatch.) MARTINSVILLE, VA., July 4.—The Fourth was very generally, though quietly observed here. The banks, factories and stores were closed and the post office observed Sunday hours. A number of the young people of the town spent the day on picnics at various points in the country; others preferring a quiet holiday spent the day at home.

Danville Quiet.

(Special to The Times-Dispatch.) DANVILLE, VA., July 4.—Danville had a quiet Fourth. There were a few little disturbances, though the city was better than usual on a holiday. Ballou Park was crowded all day, and but for a rain to-night the street railway company would have broken its record.

Teachers Celebrate.

(By Associated Press.) KNOXVILLE, TENN., July 4.—Over sixteen hundred teachers, from twenty-eight States, celebrated the Fourth of July in patriotic style at the big summer school of the South today. After a march, in which all the States participated, on the grounds of the University of Tennessee, speakers were heard from the various States in three minute addresses.

ASSOCIATE BOARD.

A year ago a select body of young men by virtue of a resolution of the Board of Directors was appointed associate directors of the Central Young Men's Christian Association, the purpose being that these young men should not only have the privilege of coming into close touch with the workings of the association, but that they should have the responsibility in matters of the association course, the social work, the physical department and the sustaining membership work. The following members have been appointed associate directors for this year by the president, Mr. O. A. Hawkins: Messrs. P. A. Arthur, Benj. Brockenbrough, Dr. R. S. Boshier, Jr., E. Bishop, C. G. Burruss, W. E. Duncanson, E. S. Evans, R. E. Forrest, G. L. Fairbank, E. C. Fisher, W. W. Henry, Joseph S. James, H. L. King, J. W. Marshall, T. B. McAdams, Hugh P. Powell, Edward S. TRAP SHOOTERS HAVE GREAT DAY

Richmond Gun Club's Tournament the Greatest Ever Shot in This City.

BOYD AMATEUR CHAMPION

He Won With an Average of 92 Per Cent—Fully 13,000 Shells Fired.

The fifth annual tournament under the auspices of the Richmond Gun Club, held on West Broad Street yesterday, was in all respects the greatest ever held in this city. With fifty-three participants, the greatest number ever taking part in a tournament here, and with nine events shot off and something like thirteen thousand shells fired, the tournament was the greatest feature of the local celebration of the Fourth.

A more propitious day for a July tournament could not have been had. There was a delightful breeze all day, yet not sufficient to deflect the targets, and the atmosphere was so clear that objects in the distance stood out clearly and the flying targets were easily seen. All day long squad after squad made the round of the traps, smashing the clay targets with wonderful precision.

Shooting was begun at 9 A. M. and continued until about 7 P. M., with an intermission for lunch, which was served on the grounds. A sixty-foot tent flying a big American flag, afforded shelter for the gunners, and everything was done for their pleasure and comfort that could have been suggested.

The high amateur average was made by Mr. W. R. Boyd, of this city, with an average of ninety-two per cent, breaking 184 of his 200 targets. Messrs. J. A. Anderson, of this city, and Killett, of North Carolina, tied for second honors among the amateurs, with averages of 87.1-3 per cent, capturing \$5 prize each.

Mr. W. A. Hammond was third and got \$3. Messrs. M. D. Hart and W. S. McLelland tied for fourth honors, with a good average. Mr. Boyd won a handsome silver cup, donated by the Dupont Powder Company.

In the cup distance championship Mr. Boyd again won, with forty-one out of fifty, while Mr. McLelland was a close second, with forty dead out of fifty.

Made High Record. In the professional class Mr. Neaf Apper, representing the Peters Cartridge Company, won the first prize, \$5 in gold, with a brilliant performance, dropping only thirteen of his 200 targets.

In the special Mullerite event of twenty targets, under handicap regulations, the committee of award had not figured up the result last night, and will decide this later and announce. In the eighth event for the Hunter Arms Company's badge, Mr. McLelland won first honors. This event was at ten pairs and ten singles, a total of thirty. Mr. McLelland smashing twenty-six of the thirty. Messrs. J. A. Anderson, C. E. Fultz and W. R. Winfree, the last named of Lynchburg, tied for second place, with twenty-four out of thirty, and divided seven dollars among them.

The trade was represented at the shoot by Neaf Apper, of the Peters Cartridge Company; H. K. Elyson, of the Austin Cartridge Company; E. W. Seaton, of the Union Metallic Cartridge Company, who assisted the local management in the direction of the tournament.

Mr. J. A. Anderson, of this city, managed the shoot, and despite his responsibility, shot remarkably well, as scores show. Among the guests from other cities who participated in the tournament were Messrs. C. W. Scott, H. L. and W. R. Winfree and Dr. W. W. Dennis, all of Lynchburg; Mr. Thomas F. Stearnes, of Newport News, and Mr. P. A. Agassiz, of Norfolk.

Messrs. Thomas Tignor and Franklin Stearns, of this city, looked after the office work in connection with the tournament.

Events and Prizes.

The appended memoranda list the results in the several events, the individual scores in each event requiring too much space to permit of their publication: First Event—10 White Flyer Targets. 20 up: First prize, H. S. Hawes; second prize, James Tignor; third prize, R. E. Wilson; fourth prize, H. C. Boudier; fifth prize, W. L. Boyd; sixth prize, D. Elyson; seventh prize, S. Taylor; eighth prize, W. H. Harrison; ninth prize, J. Mankin; tenth prize, C. Coleman; eleventh prize, C. E. Fultz; twelfth prize, Reid; thirteenth prize, Daulton; fourteenth prize, Moss; fifteenth prize, Tignor.

Third Event—40 White Flyer Targets. 20 up: First prize, H. S. Hawes; second prize, D. Elyson; third prize, Baker; fourth prize, H. C. Boudier; fifth prize, Taylor; sixth prize, J. A. Anderson; seventh prize, Fultz; eighth prize, T. M. Tignor; ninth prize, "Hermilage"; tenth prize, H. Brown; eleventh prize, Filpkin; twelfth prize, Tignor; thirteenth prize, Scott; fourteenth prize, Edmonds; fifteenth prize, Lennox.

Fifth event, 40 white flyer targets, 20 up: First prize, "Hermilage"; second prize, Boyd; third prize, Anderson; fourth prize, Killett; fifth prize, Hart; sixth prize, Hawes; seventh prize, F. J. Brown; eighth prize, H. C. Boudier; ninth prize, Farmer; tenth prize, T. Stearnes; eleventh prize, Robinson; twelfth prize, H. Brown; thirteenth prize, H. S. Winfree; fourteenth prize, J. H. Harrison; fifteenth prize, James Tignor; sixteenth prize, Baker; seventeenth prize, Fultz; eighteenth prize, Macdonald; nineteenth prize, T. M. Tignor; twentieth prize, Hammond; twenty-first prize, Reid; twenty-second prize, Taylor. Special Mullerite event, 20 white flyer targets—First prize, McLelland; tie and divide money, Anderson, Fultz, Winfree.

Sixth event, 20 white flyer targets; entrance, \$1; for championship of Richmond; a beautiful loving cup, donated by Smith and Webster, value \$50. W. L. Boyd, of Norfolk, and Glen Allen clubs only eligible to contest for this cup.

EDUCATORS HEAR MANY SPEECHES

Mayor McClellan, of New York, and Others Address National Association.

REPORT OF THE COMMITTEE

(By Associated Press.)

ASBURY PARK, N. J., July 4.—Incoming trains brought more delegates to the National Education Association's convention today. Meetings of many departments were held. At the science instruction department, Charles E. Comstock, of Peoria, Ill., spoke on "Correlation of Mathematics and Science."

Hugo Newman, of New York city, read a paper on "Science Teaching in Elementary Schools."

Mayor George B. McClellan, of New York city, spoke to an audience of 7,000 on "The Standards of Local Administration."

A number of others made notable addresses, including Charles F. Warren, of Springfield, Mass., who spoke on "Instruction in Training in Public Evening Schools," and William Schuyler, of St. Louis, Mo., whose subject was "The School Master."

Taxation and Public Education.

Mr. James M. Greenwood, of Kansas City, Mo., submitted the report of the committee on taxation as related to public education. The following is a summary of the report: Your committee believes that the authorities should consider carefully the question of the number of teachers in the immediate directory of the schools, whether such boards are elected by the people or appointed by mayors or courts. They, however, urge the importance of definite statutory limits upon the amount of school tax levied, and that two distinct funds be created—one for the current expenses, and the other for the maintenance and improvement of the school buildings.

Further that the power of contracting debts for the school department be vested only in the people.

Your committee believes that so far as the cost of instruction is concerned, the management of school systems should consider carefully the question of the number of teachers necessary to do the work efficiently and thoroughly; the number of special teachers and the character and quality of the work performed; the efficiency and economy of the plant, i. e., the location and size of school buildings, and the kind of high schools; the course of study in such high schools, viewed from the standpoint of the relative cost to the community; and also as to whether the number of pupils to a teacher in any school system falls below the number of pupils on the average who can be efficiently and effectively taught, the result will be to increase the number of teachers who participate in the distribution of the wage fund, and thus inevitably decrease the amount of the wage fund that each teacher will receive. It is believed, too, that this unnecessary increase in the number of teachers, while operating to reduce teachers' salaries, also operates by a well-known law in the direction of decreasing the efficiency of the teaching body in such a system.

Special Teachers.

The so-called special teachers or supervisors of studies, like music, drawing, calisthenics, manual training, sewing, domestic science, kindergarten, etc., are justifiable solely because the teachers in charge of the regular classes in the elementary schools have not yet been able to acquire the technical knowledge necessary to teach those branches of study which have come into the schools comparatively recently. Therefore, these special teachers or supervisors who are assistants to the superintendent in charge of this special work, should expend their energies in teaching the principal who devotes all his time to teaching to teach all the pupils. Attention to this principle will often save the schools much unnecessary expense. An investment in efficient supervision is the best that can be made in school or other enterprises, for it has a decided return. Supervision groups itself under the head of principals and assistant superintendents. Too many principals in a school system, caused by too many small school buildings or faulty departmental organization, is a prolific cause of non-economic management. Schools having fewer teachers than ought to do not need the services of a principal who devotes all his time to supervision, and the number of teachers whom a competent principal can supervise is in no way less than twenty. Your committee is not prepared to express an opinion upon the question of how many assistant superintendents can be efficiently utilized in a school system, because the answer to this question depends upon the personal equation, as well as upon the size of the school system.

TEMPERANCE RALLY.

Senator Martin's Friends Prepare for Big Rally.

(Special to The Times-Dispatch.) CHATEAUX, VA., July 4.—A grand temperance rally was held in the Town Hall today. Devotional exercises were conducted by Rev. A. A. Whitmore. Rev. R. L. Ayler introduced Rev. Joseph E. Hicks, of Danville. Mr. Hicks' address was an able and well expressed argument for the great cause of temperance. The heart of the programme was a recital by Miss Lumpkin, of Design, the rendition of which was elegant and very inspiring. The last speaker, Dr. John Hannon, of Danville, pictured the evils of intemperance in a most plain and intelligent manner. His address, which lasted more than an hour, was frequently interspersed with humorous anecdotes, which kept his audience in a most happy frame.

Superintendent Kicked.

(Special to The Times-Dispatch.) DANVILLE, VA., July 4.—Superintendent N. W. Berkley, of the street railway, was kicked at home suffering from the kick of a horse. The animal kicked the official on the knee while he was seated on the front seat of a North Main Street car.

NATIONAL BISCUIT COMPANY

**Bakers' Marks**

There is a story of an old lady who made up a batch of mince and apple pies. Wishing to be able to distinguish one kind from the other she marked the mince pies **T M** for "tis mince" and the apple pies **T M** for "taint mince." The baker's marks on the ordinary run of bakery products are of little more value for purposes of identification than the marks on the old lady's pies. But **HERE** is a trade mark that really identifies—that enables you to distinguish the world's best baking—the Biscuit, Crackers, and Wafers made by the NATIONAL BISCUIT COMPANY. This trade mark appearing in red and white on each end of a package guarantees the contents to be of highest quality—pure, clean and fresh. To learn something of what this trade mark means try a package of either of the products mentioned below.

**Lemon Snaps**  
An appetizing nibble with the flavor of the refreshing lemon. A revelation in modern baking.

**Butter Thin Biscuit**  
Unique little biscuit, in much favor with those who want "something different."

**Graham Crackers**  
Possessing the rich, nutty flavor of graham flour—unlike any graham crackers you ever tasted.

**VICTOR TALKING MACHINES.**

A GREAT many people listen to so-called talking machines that are a travesty on the name and conclude that all are necessarily bad. There is as much difference between the new tapering arm Victor and the numerous imitations as there is between a Stetson and a commercial piano. It is a fact that a majority of the people who enter our store and hear the Victor by chance, end by investing in one. They generally give as a reason for not having done so before that they "did not know how good it was." So we've started in to have everybody who passes our place (103 E. Broad) stop in a few moments and hear the new records. For these are mighty warm summer nights, and the Victor brings Sousa's Band to your porch, or Billy Golden, or Caruso and Melba, 2,500 new records and your old ones exchanged. Price of Victor is \$15 up. Easy terms if desired.

and most intelligent impression, and gained the most votes. Willard's stock is on the boom in Accomac.

**MINERAL CITY.**

Cabell, Lamb and George McD. Blake Address Large Crowd. (Special to The Times-Dispatch.) MINERAL, VA., July 4.—A large and representative crowd attended the Fourth of July exercises here today, aggregating 500 people of both sexes. Several games of base-ball were played before noon, at which hour the speaking commenced in a beautiful shady park grove just outside the town on an elevated platform. J. Nelson Cabell was first speaker, and he made a good impression in stating the causes which led up to his candidacy for Lieutenant-Governor, Congressman Lamb, was facetiously introduced as the stray sheep with many loyal shepherds protecting and providing for his safety. His speech was a regular Fourth of July oration, discussing "The Day We Celebrate." Captain Lamb made a fine impression, and closed with an eloquent peroration.

Mr. George McD. Blake, of Richmond, was the third and last speaker and so called "The Property of Louisiana County," as his subject, which he handled to the great delight and encouragement of the people. Mr. Blake is a great favorite with the citizens of Louisiana.

Beautiful provision for feeding this crowd was made. Good order prevailed. It commenced to rain about 8 o'clock, which broke up the display of fireworks at night.

**PIANOS OF MUSICAL CAPACITY**
